

Sylvia Dorn

God Is the Sole Strength

Letters to Our Father

God is the determining inner fact in every person. In over 1,500 dreams Sylvia Dorn shows on God's instruction how God works in people. The elemental force of His word through the dreams is something which every person should become aware of so that the world finds its way out of its destructive obsession.

Dream: God is the sole strength in people. For that reason, it is crazy to pride oneself on any gift or possibility.

Dream: God is causatively involved with everything, and with every sickness.

God has positioned Himself behind Sylvia Dorn with His entire authority. He has confirmed and promised this in the dreams:

God has entrusted Sylvia Dorn with the key to His pharmacy.

If the people take seriously what she says to them on God's instruction, He takes away all of their projections, lopsidedness, obsessions, alcohol and drug dependencies and physical sicknesses, even Satan, namely, the second side of God which He shows to them for their arrogance.

God has given dream upon dream. He intended for this book and all of Sylvia Dorn's books to be written. Dream message:

God wants it to become a matter of the people.

The Truth Remains the Truth

Dreams against devaluing the promises and threats of God

Sylvia Dorn prepared this volume in keeping with God's wishes in addition to her first three books. In a dream, God instructed her to do so. He outlined the contents and determined the topic and scope.

This volume is to be a summary of what God has revealed and, at the same time, also serves as a warning to those who devalue His word as spoken in the dreams by arrogantly ignoring the person to whom God entrusted the valid truth.

Sylvia Dorn's dream: I have lots of vivid knowledge in the dream. God's objectively valid truth and his reality stand behind me. They are binding for everyone, that is irrefutably certain.

Dream of someone else: Sylvia is a true person before God. And what does Sylvia say? God has total power in every person, and God said through the dreams that He is the giver of all dreams..

In dreams it says:

If we make the right decision, God will lend a hand from the inside.

God is very serious about the promises and threats which He gives in the dreams. And we are well advised to take them as seriously as God says.

God wants people to be happy, and by that He means everyone. Another dream adds: People can only be happy if they live honestly.

Dream message:

God gives all dreams

Dream helps nurse find a new job

Dream saves a company from bankruptcy

Dream heals an asthmatic

Dream prevents suicide

Dream points the way to happiness

No church god and no belief help people to happiness in life. There is only one God. He has total power in everyone. He is the sole strength in life and death. God speaks through all of the dreams.

Dream: The old religious forms have come to an end. People have to recognize God now.

In our time the natural power of the dreams has been rediscovered. God revealed the path for this to a true person:

Sylvia Dorn

God gave this dream to various people:
People don't know that they are living incorrectly if God doesn't reveal this to them. So, just as God revealed this back then to Jesus (the man), he has revealed it to Sylvia Dorn for our time.

Dream: Sylvia Dorn is a great visionary.

Dream: God has given Sylvia the ability to heal people with the help of their dreams.

Only once God confirmed the authorization and His instruction to Sylvia Dorn to others through His word in the dreams, did she begin talking about them in public. She dreamed:

The willingness to accept what God has entrusted to me as His revelation lies somewhere in the air. But people don't yet know that inside them everything is just waiting to take the new, God-given contents to heart.

Sylvia Dorn says the following about her dream on August 12, 1982:

I know that come what may I always walk behind the almighty God. He stands beside me in the figure of the "Old Wise One". But after this thought he steps in front of me, and to my infinite surprise the whole horizon broadens, becomes light, and suddenly the "Old One" transforms into a huge force and fills the entire horizon. Like countless armies He goes ahead of me. I only wonder full of shock and awe. Then I gather my courage and follow.

Sylvia Dorn's books do nothing else: They follow the truth of God exactly.

Keep in Mind That God Has to Do with Everything and Everybody

Letters to mankind

In twelve letters Sylvia Dorn (born 1947) has recorded dreams through which God has spoken. A dream refers to the contents of this book as being "flawless" and brought about by the merciful side of God. God makes it the standard for everything that claims to make valid statements about God's word in the dreams.

God Has Total Power in Everyone

Letters to mankind

Sylvia Dorn reports how people have experienced God's word in the dreams and what aspiration He has for everyone. The dreams refer to it as the "yellow book" and associate great promises with it:

God takes away the projections, if the "yellow book" is taken entirely seriously.

One day this book will be required reading in schools.

Other dreams complement these promises:

God stands behind Sylvia Dorn in such a way that the Bible is completely replaced.

The "yellow book" is more important to God than the Bible.

The biggest and the most pivotal misuse which the Christians have carried out with Jesus is the misinterpretation of his death. – Jesus did not die to forgive sins, but rather because of the madness of his contemporaries. – Jesus only wanted to put the love of God in the middle of life, nothing else.

In a dream someone has to say to relatives:

Your crazy notions about Jesus are preventing you from seeing what he is really like; and the same is true of your crazy notions about Sylvia Dorn, which are preventing you from seeing who she is before God."

The dream examples shown here can only highlight the countless and diverse dream messages recorded in the books. Sylvia Dorn never made statements about herself, but rather the creator, the "Old One", made these statements and continually confirmed them in many dreams and visions of various people. This also applies for the four book titles which were given by God in the dreams. For more than 50 years and 40 years after publishing the books, God has proven in 100,000 dreams that He is the giver of all dreams. Here are a few more dream examples:

To take everything for granted is the enemy of love.

Sylvia Dorn's books are the "Magna Carta" of finding God and becoming human.

Sylvia Dorn's books are the greatest verifiable revelation of God.

Sylvia says: "My motif is always the Old One!"

Some of Sylvia Dorn's dreams:

If people would listen to the truth which God entrusted to me, the "dark ones" [the dark side of God] would have to disappear from all of humanity.

The Old One comes in the dream and says: "Tell M. that the two sides of God are always watching him. Each side is struggling to draw him over to its side."

There is no professor in the entire world who thinks of something, notices something, omits something, or drops something without the two sides of the divinity. There is not a single person in the entire world who receives just one thought which does not come from one side or the other side of the divinity.

God, the creator, the "Old One" says to Sylvia Dorn: Only dishonest people have problems with you, only dishonest people have no rapport with you.

I wanted to prove God to the church, the church didn't want me to prove God to it.

All of the world's misery comes from arrogance and arrogant aggressions.
